

PENTAIR HAFFMANS CONNECT+

**UPGRADE TO NEW
COMMUNICATION
STANDARDS!**

CHALLENGE

As you know, digital technology is racing forward: advanced sensors, the internet of things and new connectivity standards help us to work smarter and easier. Data driven technologies lead us the way to improve every aspect of our business.

Global beer and CSD producers need to integrate the measuring data into their PLC-System - efficiently and flexible, using the full power of new modern digital communication standards.

SOLUTION

The Pentair Haffmans CONNECT+ is an interface module to connect Haffmans QC instruments to the PLC via various new connectivity standards for efficient data transfer.

Pentair Haffmans Connect+ leads to savings on faster integration and to a quicker and flexible anticipation of challenges in the operation.

With that in mind, the quality of your beer will definitely benefit - and that's what we all appreciate, right?
